

Program Activities during the BIMSTEC 10th Anniversary Exhibition Week 23 June 2007, Thailand

Apart from the useful information of BIMSTEC that the visitors had gained, various interesting program activities were organised for visitors to participate. On Saturday 23 June 2007, starting with a quiz show by BIMSTEC Young Ambassadors and won prizes from the embassies of BIMSTEC countries. We were lucky to have several renowned artists to kindly show us the exquisite art performance where Mr. Naowarat Pongpaiboon recited poetry while Dr. Suchart Wongthong demonstrated his expertise in water-color paintings, children along with parents then registered for a water-color painting class with Dr. Suchart, he demonstrated many techniques where children were encouraged to step beyond imagination. Followed by a talk on the *'Wonderful Cultural Relationships among BIMSTEC Countries'* by several scholars.

On Sunday 24 June 2007, the activities were organised by many counterparts e.g. Ministry of Health, Department of Fisheries and embassies of BIMSTEC countries in Bangkok. There were series of live national performance by the youth from Bangladesh and India. Learning on Thai traditional medicine; which plant is fit for one's own element; and practicing yoga by a team from the Department of Thai Traditional Medicine, Ministry of Public Health. Follow by a fun time with Thai fishery Workshop by a team from the Department of Fisheries, where children enjoyed learning as well as playing games with the team.
